

UNESCO Geiranger - Stryn (one way)

Geiranger – Hellesylt – Stryn

This is a "Travel like the locals" tour. The tours use public transport, i.e. regular buses, ferries and boats, but we have done the planning for you so that you can concentrate on enjoying your trip. You travel on your own - there is no guide or tour leader. On most of our tours you must change several times between different buses/ferries/boats, and it is up to you to make sure you catch your connections – truly travelling like a local! (The tours are set up so that the buses, ferries and boats connect.)

This trip starts with a ferry cruise from Geiranger to Hellesylt. The cruise takes approx. 1 hour, and you will see beautiful waterfalls and small farms in the steep mountain sides.

On most of the trips (except on weekdays in April and October) you have some time to explore Hellesylt. Between the bus stop and the ferry harbour you find the Hellesyltfossen waterfall. This is a mighty waterfall and is one of the most photographed sites in the area. It's an impressive sight early in the summer when all the snow melts.

At Hellesylt you also find the Per Gynt Galleri. The main purpose of the gallery is to present the enormous wooden reliefs by artist and woodcarver Oddvin Parr (1933 - 2010). The works goes from floor to ceiling, and all the motives are from the Norwegian author Henrik Ibsen's work "Peer Gynt".

From Hellesylt, the trip goes by bus through the Hornindal valley where you pass the Hornindalsvatnen lake – the deepest lake (514 m) in Northern Europe. You then go on to Grodås and then to Stryn.

Stryn is a lively little town with shops, restaurants and other service offerings. The local clothing brands Ricco Vero and Skogstad are popular to bring home.

From Stryn it is easy to continue to Loen using a local bus. In Loen you find Loen Skylift, Via Ferrata and many other activities. Use [the Skysst travel planner](#) to find departure times. You can buy tickets on board and pay with a credit card or cash.

From May to September you can take the [Glacier bus](#) from Stryn or Loen to visit the Briksdal glacier, which is an arm of the Jostedal glacier – the largest glacier on the European mainland.

In the summer you can also go from Loen to the beautiful Lodalalen valley using [Loen Shuttle](#).

Departure from: Geiranger ferry harbour

This itinerary is not valid as a ticket.
